Strategies Close Gaps July 13-17
Workshop Way Reaches All July 20-23

Strategies Close Gaps (1 grad. cr. = \$264) July 13-17 Prepare a plan to interact with students through the affective domain to be able to motivate students through academic inadequacies into new levels of academic accomplishments. Field-tested strategies are utilized as models. Guidelines are provided to assist with the completion of a plan which is useful and applicable. [Note: Participants who have included elements of the Workshop Way model into their completed plans can prepare additional components by taking the course **Workshop Way Reaches All.**]

Workshop Way Reaches All (1 grad. cr. = \$264) July 20-23 This practical course is based on the model of Workshop Way developed by Grace H. Pilon. Specific teaching techniques and structures are presented to demonstrate how to accommodate

learners who are diverse in intellectual independence and academic achievement. Participants will select curriculum materials to prepare into Workshop Way components to enhance and enrich their particular educational settings (Pre-School - University & Adult Training). [Note: This course can be taken as a continuation of **Strategies Close Gaps** to prepare additional components of Workshop Way.]
